Reporting Abuse, Neglect & Exploitation

How to report harm and stay safe

What is abuse?

Abuse is when someone hurts you in a way you didn't ask for.

It can be:

- Physical — hitting, pushing, hurting your body
- Emotional — yelling, name-calling, threatening
- Sexual — touching you in ways you didn't agree to
- Financial — taking your money, using your NDIS funds wrong
- Discrimination — treating you badly because of who you are

What is neglect?

Neglect is when someone does NOT give you the help you need:

- No food, water, or warmth
- No medication on time
- Ignoring you when you need help
- Not keeping you clean

What is exploitation?

Exploitation is when someone uses you for what THEY want:

- Taking your money
- Making you do things you didn't want to do
- Using your NDIS funds without your permission

None of this is OK. None of this is your fault. You have the right to be safe.

If you are in IMMEDIATE danger

Call 000 — for Police, Ambulance, or Fire.

Go somewhere safe if you can.
