Emergency Management Plan (EMP)

What DYAR does when something goes wrong

What's an emergency?

An emergency is when there is real danger.

Examples:

- Fire
- Bushfire
- Big storm or flood
- Medical emergency
- Someone dangerous at the building
- Power outage > 1 hour
- Pandemic alert (like COVID)

DYAR's plan

DYAR has a full Emergency Management Plan that covers:

- How we prepare BEFORE emergencies
- What we do DURING an emergency
- How we recover AFTER an emergency
- Quarterly drills (fire, lockdown, bushfire)
- Personal Emergency Evacuation Plans for participants who need them

Your Personal Emergency Evacuation Plan (PEEP)

If you have mobility, communication, sensory, or other needs that affect how you would evacuate — DYAR creates a PEEP just for you.

Your PEEP describes:

- Your mobility + communication needs
- Your equipment (hoist, sling, oxygen, etc.)
- Your preferred evacuation route
- Who will help you
- Family contact + GP + medications

Use the PEEP Form (Form to be Completed) to start yours.

Where to find DYAR's full plan
